

LAURA + BRENNAN

Savannah, Georgia

Laura knew from the moment she started planning her wedding to Brennan that it would be exceptionally elegant. All Savannah weddings are, of course. Little tokens of iconic Savannah culture were sprinkled throughout the day, from a hot praline stand at the reception, to the old-world trolley that took Laura and her bridesmaids to the ceremony downtown. Though, no moment was quite like the one when Laura took her first step down the aisle of the sprawling, historic Cathedral Of Saint John The Baptist, when the bride and groom both knew that nothing would ever be the same again. Laura wore a simple, yet timeless white gown, attended by her bridesmaids in one-shoulder green gowns. The food at the reception was a sensation all its own. With unique offerings such as a grilled cheese station and a chocolate groom's cake with bourbon pecan glaze, guests were talking about the meal for weeks to come. The reception continued with tunes by Sapphire Bullets Of Pure Love that kept the dance floor packed. Memories of their perfect day held close, the newlyweds took off into the sunset for an eight day honeymoon in Punta Cana, Dominican Republic.
